Fusselman-Woolls.
December the 10th at 6 o'clock
a very pretty wedding
of Mr. and Mrs. Jack M.
when their eldest daughter
Glee Hope, was united in
marriage to Mr. Newell F. Woolls.

The ceremony was beautifully decorated
with potted plants, the color
being green and white.

The bride and groom, with their attendants,
Mr. Selby Woolls and Miss
Fusselman, entered the room,
took their places under the bridal
arch, and the beautiful strains of
the Wedding March, rendered
by Gladys Woolls.

The ceremony was performed in a
simple manner by Mr. Arthur
pastor of the Baptist Church.
The bride, dressed in a traveling
gown with accessories,
carried a large bridal bouquet
of roses and chrysanthemums.
The groom was dressed in the conventional
wedding attire.

Immediately after the ceremony the
couple left on the 6:40
train for a short bridal trip. The
wedding of Hondo's young people
attracted a large number of
visitors to the station to see them off,
and their much happiness and
joy in their married life.

Life is one of the most popular
Hondo's younger set, and is

daughter of one of Hondo's oldest and
most respected families.

of this city, and is known
as one of Hondo's most
and worthy young men, he

"The Sun Dodger."

Oscar Graham has presented many
of his plays through this territory. It
is safe to say that each one has been
a distinct success. People everywhere
enjoy the Graham shows, particularly
because they are in a class by them-
selves. Complete originality is a
strong characteristic in his writings.
Another thing, he caters to the refined
sensibilities of his clientele, to the
best that is in them, instead of, as un-
fortunately is the case with many dra-
matists, to the baser instincts.

Just as in the past year or so, cer-
tain movie artists have stood strongly
for clean pictures, so Mr. Graham has
always stood for clean plays. Coarse
humor is never really funny. It de-
grades the perpetrator and as a rule
disgusts the listener. On the other
hand, comedy that is clean is also
wholesome. It is not easily forgotten
and it is beneficial. Plots that are
based on infidelity to the marriage
covenant, divorce and sex intrigue,
are as numerous as the proverbial
hairs on a dog, especially in pictures.
It is a positive relief to see something
different. In the spoken drama Oscar
Graham always avoids that conven-
tional bugaboo. His latest play, "The
Sun Dodger" is a mirth provoking
comedy-drama, with a great deal to
keep one guessing throughout its four
acts. It is up-to-date, clean, full of
pep, and has an abundance of action.

"The Sun Dodger" will be here next
Monday, December 15th.
The Royal Neighbors will meet
Tuesday afternoon at 3 o'clock. Elec-
tion of officers will take place.

Their Golden Anniversary.

Fifty years ago last Tuesday even-
ing one of the highly respected couples
of Hondo, Judge and Mrs. A. M.
Lamm, were united in marriage in
the city of Montgomery, Alabama.
Owing to the ravages left by the
demon, war, a great hegira was in
Alabama and the newly wedded couple
also packed their worldly effects and
hied themselves to Texas, settling at
Bryan, where for a little more than
twenty years they made their home.
Twenty-nine years ago on the 25th of
the past October they arrived in Hondo
and have made their home here con-
tinuously ever since. Hondo was a
beautiful mesquite thicket at that
time but the Judge and Mrs. Lamm
both declare it was a most beautiful
and prosperous country.

Fifty years of married life—more
than the number of years allotted to
the average life of man—this jolly
couple have traveled down life's path-
way side by side, spreading sun-
shine wherever they went, both being
of an optimistic temperament. They
are healthy and hearty and bid fair to
live to celebrate their diamond wed-
ding which is the devout wish of the
people of Hondo, as well as a tribute
to the healthfulness of West Texas.

Notice to all Ex-Soldiers and Sailors.

A meeting of all men who served in
the Army or Navy, either at home or
overseas, during the late war will be
held at the Court House, Hondo, Tex-
as, on Tuesday, December 16th, 1919,
at 7:30 P. M. Matters of importance
to you and your future are to be con-
sidered. You are urged to be present.

FIGHT TUBERCULOSIS!
Red Cross Christmas Seal Campaign

This is the poster selected by the the National Tuberculosis Association officials for the Red Cross Christmas Seal sale. It will appear throughout the country on the eve of the seal sale--Dec. 1-10.

**URGE RED CROSS SEAL
DAY IN ALL SCHOOLS**

Surgeon General Blue Asks That
Churches Also Join in Movement to Further Sale

Surgeon General Rupert Blue has issued an appeal to observe Christmas Seal Day in the schools and in all places of worship in the United States, December 5, 6 and 7. The appeal follows:

"Over one hundred and fifty thousand Americans die annually from tuberculosis. This is an appalling waste of life when we consider that tuberculosis is classed as a preventable disease. Moreover, because this loss of life occurs almost entirely in the ranks of the young adult population, health authorities the world over have come to consider the control of tuberculosis as still the most pressing health problem confronting them. Every year the National Tuberculosis Association, by selling Red Cross Christmas seals, raises a considerable sum of money to be used in a nation wide campaign to combat tuberculosis. This year a special effort is being made to interest school children in this work and December fifth, sixth and seventh have been designated as days on which the seals are to be sold in the public schools, synagogues and churches. Because of the seriousness of the situation, I trust that the campaign this year will be particularly successful."

"RUPERT BLUE, Surgeon General, United States Public Health Service."

CHRISTMAS SEAL FUNDS

Within two weeks over a billion Red Cross Christmas Seals will be on sale in every nook and corner of the United States. These seals are sold to finance the campaign against tuberculosis in this country. Of every dollar received from the sale of Red Cross Christmas Seals, 91.7c remains in the state where the seals are sold for the benefit of the organized anti-tuberculosis campaign in that state.

Out of the remaining 8.3%, the expenses of running the campaign are first deducted, and whatever is left is then divided between the American Red Cross and the National Tuberculosis Association.

The Red Cross Christmas Seal campaign is not for the purpose of financing the work of the American Red Cross or its chapters. It is for the purpose of financing the National Tuberculosis Association and the various state tuberculosis associations. The Red Cross Christmas Seal, launched in 1908 by the American Red Cross, has been issued in the name of the Red Cross since that date. In March 1919 the American Red Cross agreed to allow the National Tuberculosis Association to use its name and emblem on the usual Christmas seal. This year the Red Cross has no other part in the Tuberculosis Seal Campaign. The Red Cross Seal is a Tuberculosis Seal. Those who buy it are supporting the tuberculosis work in their own communities.

To support the programs of work outlined in the forty-eight states and insular possessions for 1920 in such a manner that results in the saving of thousands of lives may be realized, will demand the sale of at least 650,000,000 Red Cross Seals at one cent each. Tuberculosis can be suppressed. The Red Cross Seal offers an opportunity for the widow's mite or the rich man's thousands. Do your share today.

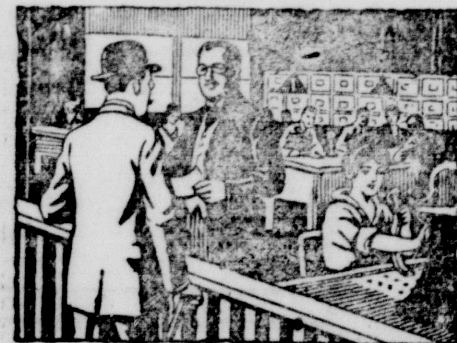

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chili TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chili TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chili TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chili TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

**LIFT CORNS OR
CALLUSES OFF**

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Washington, D. C.,
Nov. 19, 1919.
Hondo, Texas.

It is now 11:20 p. m. and I returned from the Capitol. I witnessed a remarkable scene. The U. S. Senate. The Peace Treaty was rejected. The reservations were rejected. The Senate, in perhaps, its most deliberation since Washington and Lincoln, decided that we want the League of Nations as it is and molded by our President. We decided that we do not want reservations or by compromise. With the whole current of debate, with ears could easily understand the underlying motives for rejection because the Senate was in a majority and decidedly against the League of Nations. because it is the wonderment that it is and because it reflects more credit on Woodrow Wilson primarily, and secondarily, Democratic Party. It offers to spell an appeal to Americanism in a presidential campaign. Reservations in principle were American and designed to for votes in the approaching presidential campaign. The campaign for the next Presidential Election will be fought out. The lines proposed as by the Peace Party for it as it is or with reservations. Republican Party as they knew it was unacceptable as proposed with strong American-Sentimental reservations have what they call to be an all impelling issue, "Americanism."

Mr. McCall gave the above statement May 29, 1915, and on May 5, 1919, he added: "I have used Doan's Kidney Pills a few times for a slight backache since they cured me four years ago. write to you on that occasion but I could not persuade myself to be allowed to come within the vision of his royal benignness or assignness. I passed the Prince up as unworthy of my regard except as a representative of a great government. I could not bring myself to condone even the mockery of authority that his royal highness possessed. In the Royalty of Belgium it was different, it was a distinct personality that commanded respect for a brave people and the Belgian Sovereigns were honored not so much because they were rulers as so much as because they commanded respect. Respect not for institutions but for himself, in the same manner that Roosevelt commanded respect, even of his enemies. I make no distinctions between royalty and its inherent aristocracy but between individuals the comparison is obvious. Hoping I am not tiring you with my observations. I remain sincerely, L. W. SCHEIDEMANTEL.

A THOROUGH TEST.

One To Convince The Most Skeptical Hondo Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Hondo residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

Thos. McCall, carpenter, Hondo, says: "I came down with an attack of kidney trouble. I had such a severe pain that I could hardly stoop over or lift anything. My back pained all the time and made it difficult for me to do my work. I had heard Doan's Kidney Pills highly spoken of so I bought some at Windrow's Drug Store. Doan's helped me right away and two boxes removed the trouble."

KIRSCHBAUM CLOTHES

FOR STYLE! FOR QUALITY! FOR VALUE!

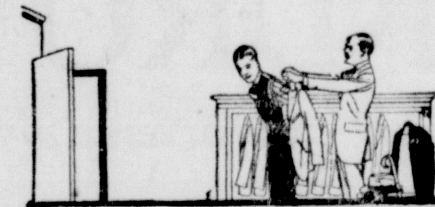

Do You Know Good Clothes Are Scarce?

Men of the United States this Fall will not be able to find enough clothes—good clothes—to go 'round. Reliable woollens are too scarce. Skilled tailors too few. Production is far behind demand—will be for months to come. In such a situation is it likely every clothes maker will be "fussy" on the subject of quality? When he can turn out his product about as he pleases and still find a ready market for it, is it likely?

Perhaps you have never before inquired about the origin of your clothes—never before thought it necessary. Well, today it is the most necessary step in buying a suit of clothes—to find out about the house which made it. Is it a house which aims to make clothes better—

or merely to make them faster? Is it a house with the moral courage to shut its eyes to unfilled orders, but to keep them wide open in maintaining standards? Is it a house with a long, clear, steady record for quality? Is it a house you can trust?

A Correction.

There is an old saying that "one who never makes mistakes never does anything," nevertheless mistakes are always annoying. On our Castroville page of today's Anvil Herald, at the head of an obituary occurs the name, "Mrs. Edmund Haby," when it should have read "Mrs. Edmund Wurzbach." Just how this inadvertency occurred it would be as impossible to explain as would other bad breaks by the "intelligent compositor." True, Mrs. Wurzbach was originally a member of the highly esteemed Haby family, but she had been the cherished wife of Mr. Edmund Wurzbach for several years. Mrs. Edmund Haby, we trust will be numbered with the living for many years to come. We regret the error and trust this explanation will prove satisfactory to all concerned.

Mr. Graff says time is too valuable with him just now to make any extra trips to town.

Lee Ward was up from Yancey Monday and called at this office. He takes a rather pessimistic view of the agricultural outlook. He says the failure of the farms to return a reward for the hard labor expended the last few years has discouraged the young men and they are all leaving the farms and seeking employment in other lines and as many of the Mexican laborers have left, as a consequence, predicts thousands of acres will lay idle the coming year. Mr. Ward predicts that unless production can be augmented the day is near at hand when the government will be rationing our beans as it is our sugar today.

The Christmas Gift Supreme

What could be a better Christmas gift for your family than to have the phonograph that is able to give you the vocal and instrumental selections of the great artists just as they actually sing and play to large American audiences.

Please understand, no talking machine and no other phonograph proves in public test that it is indistinguishable from the living artist.

This statement is based on a foundation of facts. Three thousand representative music critics have heard the Edison comparison tests and have written that they could not detect any difference between the living artist and the New Edison's RE-CREATION of their art. What proof could be more convincing in helping you to select your Christmas phonograph.

Good Economics Is Good Religion

—G. W. Wickersham

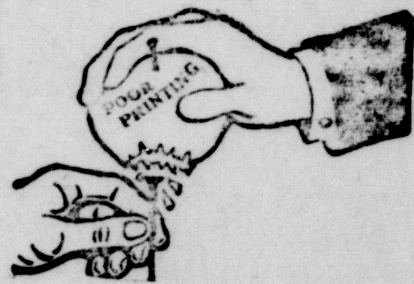

GEORGE W. WICKERSHAM
Former Attorney-General of the United States.

George W. Wickersham, former Attorney General of the United States, is actively enlisted in the Nation-Wide Campaign of the Episcopal Church which is being waged for a more practical, efficient religion. Discussing the awakening of the people, as one of the outcomes of the world war, and of their dawning consciousness of power and influence in shaping the world's affairs, Mr. Wickersham says:

"It is distinctly a church function to lead in this. The politicians can't do it. It isn't a situation in which partisan passion should play any part. It is a human problem, and the part which the church must play is that of getting down to a human basis in its relations with men and women and approaching them not only from their spiritual, but from their material side as well.

"We have had too much religion that goes over the heads of the people. We haven't been practical and we haven't been efficient. The religion of the new era must recognize and advocate that men and women are rational human beings, entitled to fair and adequate compensation for their toil, and the blessings of light, air, sunshine, flowers; ample hours in which to enjoy all these and stimulating amusements. That is at once good economics and good religion. It is a religion that makes for efficiency, and a religion that is human, and practical."

This increasing of the human, practical and efficient side of religion is one of the big problems to be tackled by the Episcopal Church in its Nation-Wide Campaign to increase at home and abroad its religious, educational, hospital and social service work. After an intensive educational campaign will come an every member canvass of communicants of the Episcopal Church on December 7 for funds to the amount of more than \$42,000,000 and for 1,500 additional church workers.

WISHES SHE'D GOT IT 20 YEARS AGO.

Suffered So She Couldn't Use
Arm At Times—Tanlac
Relieves Troubles.

"If I had gotten hold of Tanlac twenty years ago I would have been a happier and healthier woman, instead of suffering like I did," said Mrs. Kate Wisdom, who formerly lived at Norman, Okla., but now resides at Clovis, New Mexico.

"For twenty years," she continued, "I had been a sufferer, off and on, from indigestion, rheumatism and other troubles. After eating anything I would bloat up with gas that kept me in misery, my heart would beat like a trip-hammer and I would get short of breath. I didn't sleep at all well and would often have to sit up in bed before I could breathe with any ease and by morning I would be all tagged out. Rheumatism in my arm and shoulder hurt me terribly and my joints would get so stiff I could hardly use my arm at times.

"Soon after beginning with Tanlac my appetite improved and I can now eat anything I want. I soon got rid of that bloating and the pressure on my heart was relieved. I tried many other medicines for my troubles, but found no relief till I took Tanlac. I am now feeling all right and Tanlac has been such a benefit to me that I've told many others about it and they say it is helping them too."

All druggists sell Tanlac.

Known as Laziest of Birds.

The laziest of birds is the frogmouth. He sleeps all day, and at night, instead of flying about in search of food, he sits on a limb and literally waits for the insects to come and feed him. He is such a sound sleeper that you can push him off his perch with a stick and not wake him. He inhabits Australia and the islands of the Indian ocean. In size the frogmouth resembles the whippoorwill, and gets his name from his wide mouth, which serves as his insect trap. Too lazy to fly for his food, like other birds, he crawls along the limb of a tree, opening his wide mouth and snapping it shut, catching what flies and gnats come within his range. At night he perches with his mate on the roofs of houses, on fences, or stumps. Only after the sun goes down does he show any inclination to move about.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle

H. E. Haass, Attorney at Law, Surveyor's Office, Courthouse, Hondo, Texas. All legal matters carefully attended to, in all courts of Texas. Manager Medina County Abstract Co. Road maps of Medina County, cloth \$5, paper \$3.

Camel CIGARETTES

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

Mrs. Theresa Lebold.

In chronicling the death of Mrs. Theresa Lebold, nee Haegelin, which occurred at the home of her daughter, Mrs. Eugene Belzung, at Cliff, Texas, on Dec. 5, 1919, we are again called upon to note the passing of one of our pioneers, who ripened in years, and fully prepared for another state of existence passes on to enjoy the reward of a life well spent on earth.

Mrs. Lebold was born Nov. 29, 1830, in Alsace, then France, and was 89 years of age, at the time of her death.

Mrs. Lebold had been in failing health for the past year, and all that loving hands could do was done to comfort and care for her in her old age.

The body of Mrs. Lebold was brought to Castroville and interred in the Catholic Cemetery Sunday afternoon at 4:30 o'clock, Rev. A. Heckman reading the burial service.

Mrs. Lebold is survived by six children: John Lebold, Hondo, Emil Lebold of Dunlay, Eugene Lebold of Houston, Mrs. Theresa Spettle of Bandera, Mrs. Rosa Schuchart and Mrs. Mary Belzung of Cliff; by grand children, namely: Leo, Robert, Edwin, Alex, John, Mary and Pauline Belzung, Arthur, Lee, Manuel, M. Mr. and Mrs. Emil Lebold, Mr. and Mrs. John Zuberbuehler and Mr. and Mrs. Eddie Haby, of Dunlay, were here for the funeral of Mrs. Lebold Sunday.

We are glad to report that Mrs. Wilfred Wernette, who underwent an operation a week ago, was able to leave the hospital Sunday.

Mrs. Edmund Haby.

A shadow of gloom was cast over this entire community when the news was flashed over the wires that Mrs. Edmund Wurzbach (nee Haby) had passed away at the Santa Rosa Infirmary in San Antonio on Sunday morning, December 7th, at 4 o'clock.

Mrs. Wurzbach was taken to San Antonio on Thursday, December 4th, where she underwent a serious operation. Hopes were entertained for her recovery until the news reached here Sunday telling of her death.

Mrs. Wurzbach was born at Riomedina, Texas, on December 25, 1891, therefore was only 27 years, 11 months and twelve days of age at the time of her untimely demise. She was married to Mr. Edmund Wurzbach on June 26, 1917, she is survived by her husband, her small son, Clarence, and a four weeks old infant daughter, Virginia May. Her parents, Mr. and Mrs. Andrew Haby, and two sisters, Misses Isabella and Cecilia, and two brothers, Julius and James Haby also survive her.

The corpse of Mrs. Wurzbach was brought to Castroville on Sunday night's train, and surrounded by a host of friends who had known and loved the deceased since childhood and whose tears mingled with those of the sorrowing husband, parents, sisters and brothers, was consigned to earth in the Catholic cemetery on Monday afternoon, Rev. Father A. Heckman conducting the funeral service.

Mrs. Wurzbach was a true wife and a devoted mother—no higher eulogy can be pronounced upon any woman. Words cannot cheer hearts that are broken, but, let us hope, that in the golden summer of another life, children, mother and father will gather again in a sweet reunion where partings are unknown.

Mr. and Mrs. Lee Schuchart and Chas. Wurzbach, Jr., of Riomedina, were here Sunday.

Henry Wurzbach and family of Cliff were here Sunday and Monday.

WELL KNOWN TEXAS WOMEN

San Antonio, Texas:—"In my early married life I became very ill with feminine trouble and no doctoring or medicines gave me any relief until I started to take Dr. Pierce's Favorite Prescription. I was down in bed, unable to do my own housework, but it was only a short time before I was feeling stronger and all my pains left me. I took about six bottles of Favorite Prescription and can say positively that it cured me of all feminine trouble for I have been in perfect health ever since. I take pleasure in recommending Dr. Pierce's Favorite Prescription to all women suffering with inward trouble."—Mrs. ANNIE F. EDGS, 224 Rogers St.

Houston, Texas:—"For more than thirty years I have always spoken a good word for Dr. Pierce's Medicines. The 'Favorite Prescription' and 'Pleasant Pellets' were my 'standby.' 'Favorite Prescription' was the medicine I would take for nervousness, weakness and run-down conditions and the 'Pellets' for constipation and sluggish liver and these medicines have never failed to give me just the help and renewed health that I needed. I still take the 'Pellets' when I require a mild laxative, and consider them the very best medicine of that kind I have ever taken."—Mrs. M. PARISH, 911 Dowling St.

Dr. Pierce's Favorite Prescription is not a secret remedy for all the ingredients are printed on the wrapper. Contains no alcohol or narcotics. Sold by druggists in liquid or tablets. If your druggist does not keep it, send 60c for tablets, or you can send to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., ten cents for trial package.

Splendid Cough Medicine.

"As I feel that every family should know what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits years ago", writes Mrs. Clay Fry, Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being croupy, and when I have a cough or cold on the lungs a very few doses will relieve me, and by taking it for a few days I soon get rid of the cold."

Born, to Mr. and Mrs. W. C. Sankey, San Antonio, Texas, a fine boy. Mrs. Sankey will be remembered as Miss Maggie Ruth Gardner. She has many friends here and at Batesville. Mr. Sankey was once editor of the Batesville Herald. Their many friends congratulate them. — Zavala County Sentinel.

Should Be Quarantined

Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one rids himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold.

It may soon get so in this country that when a traveler travels on a railroad he will have to walk the ties and carry his trunk on his back.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me; so I cannot praise it too highly."

There is more Catarrh in this section of the country than in other sections put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. BORN OF EMPRESS' DREAM
Persian Legend Concerning the Design and Construction of the Beautiful Taj Mahal.
A beautiful story, which is not generally known, of the creation of the Taj Mahal is hidden away in the pages of the Persian manuscripts. The emperor wished to commemorate his undying devotion and esteem for his beloved consort, but nothing satisfied his ambition, until one day Arjumanah told him that in a dream she had seen the noblest and most perfect of monuments, which if actualized, would be unparalleled in the whole world for its matchless beauty. The emperor sent for experts from all over the empire and commanded them to design the architecture of the dream. They labored in vain; they could not visualize the dream. At last one day an ascetic Pir ascetic presented himself who said: "I can help you to realize your dream."
He then presented a mysterious potion to one of the architects, before whose dazed eyes the lovely monument in all its glory was revealed. The magic of the potion lasted while he drew the plan in all its detail, then he fell back exhausted. The empress, seeing the design of her vision realized, was full of joy and the emperor at once set to work to have this edifice constructed. The impossibility of laying a firm foundation next presented itself. The swampy character of the banks of the silvery Jumna made it impossible to erect any construction that would stand, until, in another dream, it was revealed that the basis must be of silver. Today the Taj stands, like an ethereal drop of flawless pearl, on its foundation of solid silver—breathing forth the poetry of its conception:
"Sweeter to rest together dead,
Far sweeter than to live asunder."
—Asia Magazine.

COURT AT LEAST CONSISTENT
Judge Remitted Fine When He Committed Indiscretion for Which He Punished Lawyer.
Our famous president, Abraham Lincoln, during his early career as a lawyer, traveled a circuit in Illinois. Judge David Davis and Lincoln were close friends, says the author of "Lincoln's Own Stories," and the judge always showed a keen appreciation of Lincoln's stories.
"I was never fined but once for contempt of court," said a man who was a clerk of court in Lincoln's day. "Davis fined me five dollars. Mr. Lincoln had just come in, and leaning over my desk, had told me a story so irresistibly funny that I broke out in a loud laugh. The judge called me to order, saying—
"This must be stopped. Mr. Lincoln, you are constantly disturbing the court with your stories."
The clerk said to me:
"You may fine yourself five dollars."
I apologized to the court, but told the judge that the story was worth the money. Shortly afterwards the judge called me to him.
"What was that story Lincoln told to you?" he asked.
"I told him, and he laughed aloud, in spite of himself."
"Remit your fine!" he ordered."

Skeletons of Extinct Bird.
Of the ten known existing skeletons of the great auk in the world, the United States is the only country possessing two. Greater Boston has these, one being in the museum of the Boston Society of Natural History and the other in the Harvard university museum.
The Boston museum contains also an egg of this extinct bird. In view of the fact that a single egg has brought as high as \$535, this is considered a most valuable relic.
This flightless sea-bird formerly was distributed along the northern coasts and islands of North America. In its coat of sober coloring with a vest of snowy white it resembled nothing so much as a short man in evening dress. Since it was flightless, the bird was easily exterminated, the natives relishing it as a food. It probably was wholly exterminated by 1844.

Havana's High-Sounding Name.
The full name of the capital of Cuba is San Christobal de la Habana. In 1834 a royal decree conferred upon the city the sounding title, "Llave del Nuevo Mundo y Antemural de las Indias Occidentales," which signifies "Key of the New World and Bulwark of the West Indies." In emphasis, the coat-of-arms of the municipality bears a symbolic key and representations of the fortresses of Morro, Punta and Fuerza.
In 1650 the city rose to be the commercial center of the Spanish-American possessions, and the principal rendezvous of the royal fleets that carried on the trade monopoly between Spain and America.

First Malleable Platinum.
The first veritable platinum ingot was made by a French chemist, Cabaneau, in 1783. Charles III of Spain had called him to Madrid and created a special chair of mineralogy, physics and chemistry for him. In his laboratory he found the secret of rendering the metal malleable, and this is the story he revealed the fact to one of his sons: "Three months later, at the time of the Count of Aranda, there appeared upon a table an ingot some 10 centimeters cube (about four inches), with a beautiful metallic lustre; it was malleable platinum."—New York Herald.
